

City Power Bursary 2025 for South Africans

City Power Bursary 2025 for South Africans

Deadline: 31 January 2025

Location: South Africa

About City Power Bursary

City Power is currently accepting applications for 2025 academic year bursaries.

Bursaries will be awarded to students residing within the City of Johannesburg service area (Gauteng), for studies within the following fields:

- Electrical Engineering (Heavy Current/ Light Current)
- Environmental Health Management
- Information Technology
- Risk Management

Bursaries will be awarded in a ratio of 70% to females and 30% to males.

Shortlisted candidates will be subject to further checks, including authentication of qualifications, criminal record checks and reference checks. Awarding of the bursary will be subject to positive outcome of these checks. Candidates may also be required to undergo psychometric assessments.

ELIGIBILITY REQUIREMENTS

Applicants must satisfy the following minimum entry criteria before applying:

- You must be a South African citizen
- You must reside within the City of Johannesburg service area, in Gauteng province
- You must have completed Matric with a minimum C symbol (60%) and must meet the admission requirements of the educational institution
- You must be studying or intend on studying towards an undergraduate qualification within one of the fields of study listed above
- You must be studying or intend on studying at a recognised tertiary institution in South Africa (University, University of Technology or TVET College)
- You must have achieved a minimum overall average of 60%, if currently studying
- Preference will be given to students pursuing studies at Universities or TVET Colleges in Gauteng, although students studying in other regions may also apply

How to apply

Applications must be submitted via email to: **TalentPipeline@citypower.co.za**
